

Pastoral Care During Sabbath

Prayer Request Voicemail Line: 541-344-1425

Call the Church Office any day and leave a request for a call from a pastor, a call from an Elder of the church, or to leave a prayer request on the voicemail line. Our office staff is limited but we are answering phones and checking voicemails throughout the day. If your call cannot be answered by a live person, rest assured you may leave a confidential voicemail that Pastor April & Pastor Jerri or an Elder will receive.

The Board of Elders is a wonderful source of support. Elders will be helping with additional pastoral care calls while our pastors are on Sabbath. If you are in need of prayer or a listening ear, please call the church office and request an Elder call. An Elder will call you back within 24 hours for prayer and pastoral listening.

Thank you for continuing your care of one another during the pandemic. Keep up the great work of reaching out to fellow church members and friends to say hello, send cards, texts, marco polos, whatever works to send prayer and loving energy around the community.

Prayer requests received through the Elders will be given to Pastoral Staff and, with your permission, may be included in the prayer chain and Sunday worship prayers.
